A UnitedHealthcare Company

September 16, 2021

Dear Provider:

HPN Medicaid is committed to maintaining and increasing the health and well-being of our community. You play an integral role in protecting your patients and the community against COVID-19. The best protection is the COVID-19 vaccine. **Your recommendation to take the COVID-19 vaccine is one of the strongest factors in patients accepting the vaccine.**

Beginning on **September 1, 2021** you have the opportunity to earn additional bonuses by helping your patients who are Health Plan of Nevada Medicaid members become more engaged with preventing the spread of COVID-19.

All qualifying primary care providers (PCP, Pediatricians, OBGYN) that administer the complete COVID-19 vaccine series will receive \$25 per eligible Medicaid member who completes the COVID-19 2-dose series (Pfizer-BioNTech/Moderna) or single dose series (Janssen). Codes for vaccines are located in the table below:

COVID 19 VACCINE	COVID 19 VACCINE CODES	COVID 19 VACCINE CODES	SERIES	Payment for Each COVID-19 Vaccine Series Closed
Pfizer-BioNTech	91300	0001A 1 st dose	2 dose series	\$25
Pfizer-BioNTech	91300	0002A 2 nd dose	2 dose series

Incentive payments will be determined by Health Plan of Nevada Medicaid claims received September 1, 2021 to December 31, 2021 and paid or denied through at least March 31, 2022. All bonus payments are limited to one payment per member for series completion. Eligible COVID-19 vaccine recipients must have active benefits on the date of administration. The Health Plan of Nevada Medicaid member does not need to be empaneled to the administrating provider to earn the reward. Please contact your Health Plan of Nevada Medicaid Clinical Practice Consultant (CPC) or the Quality Department at **(702) 632-5601** with any questions or concerns.

Thank you!

The COVID-19 incentive is limited to one payment per patient per completed series. The incentive programs and payment amounts are subject to change upon 30 days' written notice.
