Lista de Medicamentos Preferidos

Preguntas frecuentes

Encuentre aquí las respuestas a sus preguntas sobre esta Lista de Medicamentos Preferidos de **Health Plan of Nevada Medicaid**. Puede leer todas las preguntas frecuentes para obtener más información o buscar una pregunta y su respuesta.

1. ¿Qué medicamentos están en la Lista de Medicamentos Preferidos? (Para abreviar, denominamos a esta lista “Lista de Medicamentos”).

Los medicamentos de la Lista de Medicamentos Preferidos que comienza en la página <1> son los medicamentos cubiertos por **Health Plan of Nevada Medicaid**. Estos medicamentos están disponibles en farmacias dentro de nuestra red. Una farmacia se encuentra en nuestra red si tenemos un acuerdo con ella para que trabaje con nosotros y le proporcione servicios. A estas farmacias las denominamos “farmacias de la red”.

Health Plan of Nevada Medicaid cubrirá todos los medicamentos médicamente necesarios si:

- su médico u otro profesional que receta dice que los necesita para mejorarse o mantenerse en buen estado de salud,
- y
- usted surte una receta en una farmacia de la red de **Health Plan of Nevada Medicaid**.

Health Plan of Nevada Medicaid puede requerir pasos adicionales para tener acceso a determinados medicamentos (vea la pregunta <#5> a continuación).

También puede ver una lista de medicamentos actualizada en nuestro sitio web en <<https://www.hpnmedicaidnvcheckup.com/Member>> o puede llamar al Servicio al Cliente al <1-800-962-8074 TTY 711>.

2. ¿Cambia alguna vez la Lista de Medicamentos Preferidos?

Sí. **Health Plan of Nevada Medicaid** puede agregar o quitar medicamentos de la Lista de Medicamentos Preferidos durante el año. Por lo general, la Lista de Medicamentos Preferidos solo cambiará si:

- aparece un medicamento más económico que funciona igual que un medicamento que está actualmente en la Lista de Medicamentos Preferidos, o
- si tomamos conocimiento de que un medicamento no es seguro.

También podemos cambiar nuestras reglas sobre los medicamentos. Por ejemplo, podríamos:

- Decidir exigir o no exigir aprobación previa para un medicamento. (*Aprobación previa* es un permiso de **Health Plan of Nevada Medicaid** antes de que usted pueda obtener un medicamento).
- Agregar o cambiar la cantidad de un medicamento que puede obtener (denominados "límites de cantidad").
- Agregar o cambiar las restricciones de terapia escalonada de un medicamento. (*Terapia escalonada* significa que usted debe probar un medicamento antes de que cubramos otro medicamento).

Las preguntas 3, 4 y 7 a continuación tienen más información sobre lo que sucede cuando cambia la Lista de Medicamentos Preferidos.

Siempre puede consultar la Lista de Medicamentos Preferidos actualizada en Internet en <<https://www.hpnmedicaidnvcheckup.com/Member>>. También puede llamar al Servicio al Cliente para consultar la Lista de Medicamentos Preferidos actual al <1-800-962-8074, TTY 71>.

3. ¿Qué sucede cuando aparece otro medicamento que funciona igual que un medicamento que está actualmente en la Lista de Medicamentos Preferidos?

Si está tomando un medicamento que se retira porque otro medicamento que funciona igual está disponible, se lo informaremos. Recibirá una carta que le informará sobre el cambio. También le informaremos qué medicamentos alternativos están disponibles para usted. Comuníquese con su médico u otro profesional que receta para asegurarse de que otro medicamento sea adecuado para usted.

4. ¿Qué sucede cuando averiguamos que un medicamento no es seguro?

Si la Administración de Medicamentos y Alimentos (FDA) anuncia que un medicamento que usted está tomando no es seguro, lo quitaremos inmediatamente de la Lista de Medicamentos Preferidos. También le enviaremos una carta para informarle al respecto.

Comuníquese con su médico u otro profesional que receta para preguntarle sobre sus otras opciones.

5. ¿Se aplican restricciones o límites a la cobertura de medicamentos? ¿O se requiere tomar alguna medida a fin de obtener determinados medicamentos?

Sí, algunos medicamentos tienen reglas de cobertura o tienen límites sobre la cantidad que usted puede obtener. En algunos casos, su médico debe hacer algo antes de que usted pueda obtener el medicamento. Por ejemplo:

- Aprobación previa (o preautorización): Para algunos medicamentos, su médico u otro profesional que receta debe obtener aprobación de **Health Plan of Nevada Medicaid** antes de que usted pueda surtir su receta. Si no obtiene aprobación, es posible que **Health Plan of Nevada Medicaid** no cubra el medicamento.
- Límites de cantidad: A veces, **Health Plan of Nevada Medicaid** limita la cantidad de un medicamento que usted puede obtener.
- Terapia escalonada: A veces, **Health Plan of Nevada Medicaid** requiere que usted haga una terapia escalonada. Esto significa que deberá probar los medicamentos en un determinado orden para su condición médica. Usted podría tener que probar un medicamento antes de que cubramos otro medicamento. Si su médico considera que el primer medicamento no es adecuado para usted, cubriremos el segundo.

También puede obtener más información visitando nuestro sitio web en <https://www.hpnmedicaidnvcheckup.com/Member>. Hemos publicado documentos en Internet que explican nuestras restricciones de preautorización y terapia escalonada. También puede llamar al Servicio al Cliente y pedirnos que le enviemos información sobre nuestras restricciones de preautorización y terapia escalonada.

6. ¿Cómo sabrá si el medicamento que desea está sujeto a límites o si debe tomar medidas adicionales para poder obtenerlo?

La Lista de Medicamentos Preferidos en las páginas <1 – 97> tiene una columna denominada "Requisitos y Límites".

7. ¿Qué sucede si cambiamos nuestras reglas sobre cómo cubrimos algunos medicamentos?

Por ejemplo, si agregamos un requisito de preautorización (aprobación), límites de cantidad o restricciones de terapia escalonada a un medicamento.

Si agregamos un requisito de aprobación previa, límites de cantidad o restricciones de terapia escalonada a un medicamento, se lo informaremos. Le informaremos antes de que se agregue la restricción. Esto le da tiempo para hablar con su médico u otro profesional que receta sobre qué hacer a continuación.

8. ¿Cómo puede buscar un medicamento en la Lista de Medicamentos Preferidos?

Hay dos formas de buscar un medicamento:

- Puede buscar por condición médica.

Para buscar por condición médica, encuentre la sección “Lista de medicamentos por condición médica” en las páginas <TOC-1>. Los medicamentos en esta sección están agrupados en categorías según el tipo de condiciones médicas para cuyo tratamiento se utilizan. Por ejemplo, si usted tiene una condición cardíaca, debe buscar en la categoría Agentes cardiovasculares. Allí es donde encontrará los medicamentos que tratan las condiciones cardíacas.

- También puede buscar medicamentos por orden alfabético.

Para buscar por orden alfabético, vaya a la sección <Índice alfabético de medicamentos cubiertos> que comienza en la página <98>.

Encuentre el nombre de su medicamento. Al lado del medicamento está el número de página donde se encuentra.

9. ¿Qué debe hacer si el medicamento que desea tomar no está en la Lista de Medicamentos Preferidos?

Si su medicamento no aparece en la Lista de Medicamentos Preferidos, llame al Servicio al Cliente y pregunte al respecto. Si **Health Plan of Nevada Medicaid** no incluye su medicamento dentro de los medicamentos preferidos del plan, usted tiene dos opciones:

- Solicite al Servicio al Cliente una lista de medicamentos que sean similares al que usted desea tomar. Luego muestre la lista a su médico u otro profesional que receta. Este puede recetar un medicamento que aparezca en la Lista de Medicamentos Preferidos que sea como el que desea tomar. O

· Puede solicitar al plan de salud que haga una excepción y cubra su medicamento.
Consulte la pregunta 11 para obtener más información sobre las excepciones.

10. ¿Qué sucede si acaba de inscribirse en Health Plan of Nevada Medicaid y su medicamento no aparece en la Lista de Medicamentos Preferidos o tiene problemas para obtener su medicamento?

Podemos ayudar. Podemos cubrir un suministro temporal de 30 días de su medicamento durante los primeros 30 días de su membresía en **Health Plan of Nevada Medicaid**. Esto le dará tiempo para hablar con su médico u otro profesional que receta. Este puede ayudarle a decidir si hay un medicamento similar en la Lista de Medicamentos Preferidos que usted puede tomar en lugar del otro, o si debe solicitar una excepción.

11. ¿Puede solicitar una excepción para cubrir su medicamento?

Sí. Su médico puede solicitar a **Health Plan of Nevada Medicaid** que haga una excepción y cubra un medicamento que no aparece en la Lista de Medicamentos Preferidos.

Su médico también puede solicitarnos que cambiemos las reglas sobre su medicamento.

- Por ejemplo, podemos limitar la cantidad de un medicamento que cubriremos. Si su medicamento tiene un límite, su médico puede pedirnos que cambiemos el límite y cubramos una cantidad mayor.
- Otros ejemplos: Su médico puede solicitarnos que dejemos de lado las restricciones de terapia escalonada o los requisitos de aprobación previa.

12. ¿Cuánto tiempo demora conseguir una excepción?

Primero, debemos recibir más información de su médico que respalde su solicitud de una excepción. Después de que recibamos la información, le daremos una decisión sobre su solicitud de excepción dentro los plazos requeridos por el estado, por lo general, dentro de las 24 horas.

13. ¿Cómo puede solicitar una excepción?

Para solicitar una excepción, puede hacer una de estas dos cosas:

- Llame al Servicio al Cliente. Un representante de dicho departamento trabajará con usted y con su médico para ayudarle a solicitar una excepción.
- Llame a su médico y pídale que solicite una excepción llamando a **Servicios de Farmacia de Health Plan of Nevada Medicaid** al <1-800-443-8197>, o puede enviar una solicitud por fax al <866-997-9672>.

14. ¿Qué son los medicamentos genéricos?

Los *medicamentos genéricos* están compuestos por los mismos ingredientes activos que los medicamentos de marca.

Por lo general, cuestan menos que el medicamento de marca y no tienen nombres muy conocidos. Los medicamentos genéricos están aprobados por la Administración de Medicamentos y Alimentos (FDA). En la mayoría de los casos, **Health Plan of Nevada Medicaid** cubre los medicamentos genéricos primero. Si su médico considera que un medicamento de marca es médicamente necesario, deberá pedirle a su médico que envíe una solicitud de aprobación previa.

15. ¿Qué son los medicamentos sin receta?

OTC son las siglas en inglés de “sin receta” (*over-the-counter*). **Health Plan of Nevada Medicaid** considera algunos medicamentos sin receta como medicamentos preferidos si su proveedor extiende una receta para estos.

Puede consultar la Lista de Medicamentos Preferidos de **Health Plan of Nevada Medicaid** para ver qué medicamentos sin receta son los preferidos.

16. ¿Cubre Health Plan of Nevada Medicaid productos sin receta que no son medicamentos?

Health Plan of Nevada Medicaid cubre algunos productos sin receta que no son medicamentos si su proveedor extiende una receta para estos.

Puede consultar la Lista de Medicamentos Preferidos de **Health Plan of Nevada Medicaid** para ver qué productos sin receta que no son medicamentos están cubiertos.

17. ¿Qué es un medicamento de farmacia especializada?

Un medicamento de farmacia especializada es un medicamento que, por lo general, tiene una o más de las siguientes características:

- Es utilizado por una cantidad reducida de personas
- Trata enfermedades raras, crónicas o potencialmente mortales
- Tiene requisitos de almacenamiento o manipulación especiales, como la necesidad de estar refrigerado
- Es posible que requiera control de cerca, apoyo y manejo clínicos continuos, y educación y compromiso totales del paciente
- Es un medicamento de alto costo
- Es posible que no esté disponible en farmacias de venta al por menor
- Puede ser de administración oral, inyectable o inhalable

Los medicamentos de farmacia especializada están disponibles a través de nuestra red de farmacias especializadas.
